

Report on National Workshop

ECE and CSE department of Global Institutes organized a two day workshop on “Network Simulator-2” from 16-17 Oct, 2014. Expert trainers were Mr. Umesh Yadav, Vimal Diixit and Mr. Ashwani from NEX-G Institute, Noida who shared their useful experience and valuable knowledge with the students. The objective of this workshop was to introduce world of wired and wireless network and its simulations. The students were able to learn the implementation of routing , security and energy efficient algorithms. Step by step interactive session, computer generated presentations, practical coding session and case study was discussed.
