

NATIONAL WORKSHOP ON INTERNET OF THINGS

Department of Computer Applications of Global Institute of Management organized One Day National Workshop on **“Internet of Things”** on 5th March 2018. First Technical Session was taken by **Dr. Pankaj Deep Kaur**, Associate Professor, Department of Computer Science, Guru Nanak Dev University Regional Campus, Jalandhar on **“IOT- A Catalyst for the Smarter World”**. She initiated her talk by introducing definition of IOT with alternative examples, need of IOT, how this technology is being used in day-to-day life, important aspects of IOT, association between Big Data and IOT.

NATIONAL WORKSHOP ON INTERNET OF THINGS

Second Technical Session was taken by **Dr. Sandeep Sood**, Professor, Department of Computer Science & Engineering from Guru Nanak Dev University Regional Campus, Gurdaspur. He gave an illuminating talk on "*Emerging Trends in Internet of Things*". In his address, he explained the concept of IOT with examples, architecture of IOT, security issues and applications of IOT and various research challenges in IOT.

In both technical sessions, the student actively participated and interacted with the speakers and raised a number of issues pertaining to the topics. Overall the workshop was a great success and well appreciated by the students and faculty members.
