

GUEST LECTURE ON GENERAL AWARENESS ON CYBER SECURITY

Department of Information Technology organized a guest lecture on 7th January 2015. The lecture was delivered by Mr. L.S.Chabbra, Founder and Director of the Cyber Defence Consultancy(CDI). The objective of the lecture was to raise the awareness among the mass regarding cyber security and to provide the solution to the hacking. He gave various examples of hacking and also encouraged the students to work in the field of cyber security. He also discussed the various job opportunities available in the field of cyber security.. The lecture was very timely and well appreciated by the audience.
