

NATIONAL WORKSHOP ON OPTICAL WIRELESS COMMUNICATION

The department of Electronics and Communication Engineering organized National Workshop on Optical Wireless Communication on 5 Jan, 2015. More than hundred research scholars and students participated in this workshop. Dr. M.L. Singh, HOD ECE from Guru Nanak Dev University delivered an expert talk on Optical Fiber Communication. He explored different future challenges in the Fiber Optic Technology. Dr. Rajinder Sahni, Prof. from Guru Nanak Dev University shared knowledge on wireless sensor network & routing algorithms. The aim of this workshop was to bring together researchers & engineers in emerging wireless & optical communication system.
