Message From Chairman

Dr. B S Chandi
Chairman

It gives me immense pleasure to place the new bulletin of *Global News* in your hands. A mere glance at this issue would help the readers to get an overview of the multifarious activities conducted at the Institute.

I feel immensely pleased to present to the readers, the new annual bulletin of *Global News* for the year 2023-24.

Global News is a mirror which reflects the vision, mission, achievements, policies, plans, progress, curricular, co-curricular activities, university results and much more. It is a matter of great satisfaction that from NAAC A+ Status, we have taken a step further and are now AUTONOMOUS to design our own syllabus, to conduct our examinations, to fulfill the expectations of all our stake-holders.

So far as ultra-modern infrastructure, devoted, dedicated, hard-working faculty, well-furnished and updated labs, well-stocked central and departmental libraries, lush green eco-friendly campus are concerned, we are second to none. We have many other feathers in our cap. The institute has spacious playgrounds, well-furnished hostels for Boys and Girls, highly hygienic mess and above all a Horse-riding club which is a unique feature of Global Group of Institutes.

In the end, I pray to the Almighty to give us more strength, more energy, more inspiration to take Global Group of Institutes to new heights.

Message From Vice Chairman

Dr. Akashdeep Singh
Vice Chairman

B.Tech(ME), MBA, Ph.D

It is my proud privilege to present to you the updated, latest annual issue of *Global News* 2023-24 which will narrate the story of grand success and achievements by Global Group of Institutes in a very short span of 16 years. We have been touching glorious heights every year. We are proud to be NAAC A+ now, a rare distinction which no other professional Institute (Engineering and Management) in the region has. Recently, we have been conferred with AUTONOMOUS Status by the University Grants Commission (UGC) for ten years.

We have many plans and innovations in our mind and are striving to design a very effective, useful and industry-friendly syllabus which will help our students to get placements in top-ranking industries, companies and corporate sector with handsome packages.

'EXCELLENCE' is the watch-word with us at Global Group of Institutes. Excellence in teaching methodology, in research, in innovations etc. Our highly qualified, efficient, experienced, hardworking and dedicated faculty is always on its toes to implement the plans, policies and programs chalked out by the Management.

Global Group of Institutes has now become a household name in quality education and has attracted students from far-off countries, distant states of India and first choice of students in the parent state (Punjab). I have legitimate pride to inform all the stake-holders that Global Group of Institutes is the Host Institute of Medium, Small and Micro Enterprises (MSME). We, very successfully organized One-day International Conference on 10th May 2024 in which many scholars and researchers participated and presented their research papers which, of course, inspired and motivated our faculty to take steps forward in research activities.

Apart from coverage of class-room syllabus, we prepare our students for life and best placements by holding personality development classes emphasizing soft-skills which sharpen their minds and magically improve their physical appearance--making them smarter and vibrant. Guest lectures by eminent world famous scholars and motivators, industrial visits, exposure to the corporate sector, various clubs and host of curricular and co-curricular activities, sports and games, singing, modeling competitions, star-nights, inter-college, inter-school competitions are routine activities at Global Group of Institutes. A highly efficient and vibrant training and placement cell is busy round the year to invite companies and corporate to help students in getting jobs with high packages. At Global Group of Institutes we emphasise all-round, multifaceted development of our students by equipping them to face the difficulties and challenges and make positive contribution in the development of their nation India.

Message From Campus Director

Greetings and a very warm welcome to Global Group of Institutes!

It gives me an immense honour and lot of satisfaction to inform all our stake-holders through this edition of Global Group of Institutes' News Bulletin 2024 that our Institutes have been conferred with AUTONOMOUS STATUS under section 2 (f) of UGC Act, for 10 years. This will facilitate us with more freedom to design need based academic programs with free hands to update syllabus as per the need of technological advancements & requirement of industries/ corporate world. This will enable our students more opportunities and competency to face the challenges at local & Global level.

The evaluation and other necessary result-related activities at Institute level will curtail the unnecessary efforts of students and Institute officials moving around the affiliated university for records etc.

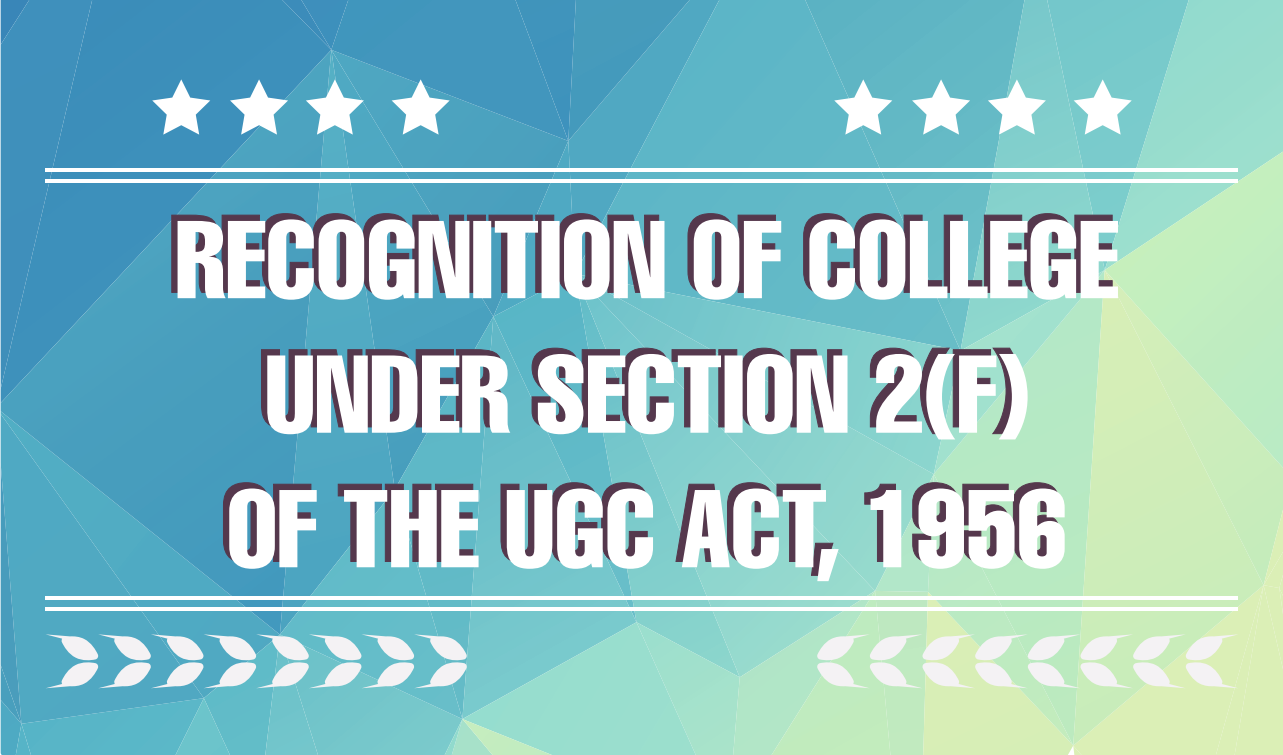

Furthermore, 24 Gold medals representing almost all programs & starting of new programs in Paramedical Sciences are the new addition.

The Institute conducts Alumni meets to get feedback from the old students serving across the globe for further improvements in academics and other related areas based on their experiences and as per the societal expectations.

Every effort is made and steps taken to improve our student's communication skills, soft skills, body language etc. Special classes are taken to improve their personality and make them presentable. We, at Global Group of Institutes, are whole-heartedly dedicated to the service of students, industry and corporate. Last but not the least, we always try to come upto the expectations of parents and guardians of our valued students and knowledge-seekers.

Prof.(Dr.) Manohar Singh Saini

GLOBAL GROUP OBSERVES VOTERS' DAY

Global Group of Institutes organised a meeting of the faculty and staff at the Institute to mark National Voters' Day and took a pledge to uphold the democratic traditions of our country and dignity of free, fair and peaceful elections and to vote in every election fearlessly without being influenced by religion, race, caste, community or inducement of any kind. The National Voter's Day is celebrated on 25th

January to create awareness amongst youth about the importance of their votes in the largest democracy and to persuade them to participate in this biggest festival of democracy. The staff present at the meeting resolved to vote themselves and also encourage the young students who are eligible to get themselves enrolled and participate in the election process to elect the representatives of their choice

to represent them and form policies and programme that can change the face of Nation for good and also ameliorate the overall condition of its citizens. Registration of new and young eligible voters and exercising their franchise is of extreme importance as it serves as the central pillar of any functioning democracy and gives to the people direct power to elect and put the leaders of their choice at helm.

Alma mater hails its former student and first woman fighter to fly Tejas

TRIBUNE NEWS SERVICE

AMRITSAR, SEPTEMBER 19I

Celebrating the feat of Squadron Leader Mohana Singh, who made history by becoming the first woman pilot to fly Tejas, India's indigenously built fighter jet, the Global Group of Colleges sent congratulatory messages to their former student and her family. Mohana Singh become the first woman pilot to fly India's Tejas

fighter jet during the "Tarang Shakti" exercise in Jodhpur.

Sharing sentiments with the entire nation, Global Institutes Vice Chairman Akashdeep Chandi, said it was a matter of pride that their alumna has rewritten history and shattered the glass ceiling by becoming a shining example of gender equality in armed forces.

"Mohana Singh was a student of B.Tech (Electronics & Communication) during the

period 2009-2013. In 2016, she joined the IAF as one of the first woman fighter pilots. She is truly a trail blazer, whether it's her feat of flying MiG-21 to joining LCA (Light Combat Aircraft) Tejas Squadron, an elitist flying squadron of the Indian Air Force" said Chandi. He also elaborated on her being a prolific student and an all rounder.

"She was a good student and also excelled in extracurricular activities, as she was always an active

participant. Mohana Singh has set new standard for future generations of women fighter pilots, reaffirming that sky is no more the limit but just the beginning for those who dare the dream".

Mohana Singh, who originally hails from Jhunjhunu in Rajasthan, stayed in Amritsar for four years as her father, Partap Singh Jitarwal, now retired, served in the IAF as an officer.
